BankRI Awarded #1 in Rhode Island on the Forbes America's Best-In-State Banks 2021 List

PROVIDENCE, R.I. – Bank Rhode Island (BankRI) has been awarded the top ranking in Rhode Island on the Forbes list of America's Best-In-State Banks for 2021. The prestigious recognition is presented by Forbes and Statista, Inc., a world-leading statistics and industry ranking provider. The list was announced in late June by Forbes on its [website](#).

Forbes and Statista identified its top banks for 2021 based on an independent survey of U.S. consumers who were asked to rate banks at which they have or previously had banking relationships. Financial institutions were scored on overall recommendations and satisfaction, along with the sub-areas of: trust, branch services, customer service, digital services, financial advice, and terms and conditions.

"It is an honor to be recognized by Forbes as the top bank in Rhode Island and among the best in the country, and that our placement on the list is the result of such positive response from the marketplace," said Mark J. Meiklejohn, President and CEO of BankRI. "At BankRI, we take a lot of pride in relationship banking, and never lose sight of the needs of our customers and community."
