

BankRI's Stacy Levin Appointed to East Greenwich Chamber of Commerce Board of Directors

East Greenwich Branch Manager a Fixture in the Community

PROVIDENCE, R.I. – Bank Rhode Island (BankRI) announced today that Stacy Levin, branch manager of its East Greenwich location, has been appointed to serve on the Board of Directors of the East Greenwich Chamber of Commerce.

Active in the community since becoming BankRI's East Greenwich branch manager in 2012, Levin considers the town more than her professional home. During this time, Stacy has been a proactive figure in support of the Chamber's business and community-focused events. Among the initiatives she's involved with, Stacy has opened the doors of BankRI's local branch to host "Business After Hours" and is a fixture at events hosted by fellow organizations. She also regularly participates in ribbon-cutting ceremonies to celebrate the openings of new businesses.

Stacy has also been a supporter of the East Greenwich Holiday Stroll on Main Street. She led her staff to volunteer throughout last year's month-long event, manning trolley stops and handing out information to help guide attendees to participating retailers.

"Everyone at BankRI could not be happier for Stacy to have this opportunity to further serve a community that she's so passionate about," said Steven Parente, Senior Vice President, Director of Retail Banking for BankRI. "As an extremely hard worker known for her positive attitude and efforts to help others, Stacy will be an asset not only to the East Greenwich Chamber of Commerce, but also to its constituents."

A resident of Cranston with her husband and two children, Stacy joined BankRI in 2003.
